## SYSTEM OVERVIEW

**DUR-A-GLAZE® GRIND AND SEAL** is a concrete floor sealing system designed by Dur-A-Flex® to enhance and protect prepared concrete substrates allowing the natural look of sealed concrete to be showcased. **DUR-A-GLAZE® GRIND AND SEAL** features a clear epoxy primer and optional body coat, and is finished with a durable urethane topcoat ensuring excellent UV, wear, and chemical resistance.

## FEATURES & BENEFITS

- **UV Resistant**  
Reduced ambering and discoloration
- **Performance Topcoat**  
Adds chemical resistance, reduces wear and dust
- **Low Odor / Low VOCs**  
Install in more locations without offensive odors or harmful Volatile Organic Compounds
- **Unique Aesthetic**  
As a clear coating for concrete, each floor is completely unique and accents the natural concrete underneath

## COMMON USE SITES

- Office
- Retail
- Dining Areas
- Corridors
- Storage Areas
- Warehouses
